

Tony Pelton

Software Engineer

Tony joined the firm in 2026 as a Senior Software Architect and Engineering Leader. In this role, he supports the firm's technology and enterprise engineering initiatives through the design, implementation, and modernization of high-performance software applications. He contributes to cloud architecture standards, leads microservices migration strategy, and assists in the deployment of resilient Quarkus, Google, and AI-assisted application frameworks. Tony also oversees system concurrency and load optimization, and supports technical due diligence across core software platforms.

Prior to joining MainStreet Advisors, Tony gained valuable experience in software architecture, cloud microservices, and engineering team leadership at Maximus, MediSpend, Covetrus, Vets First Choice, IDEXX Laboratories, Nationwide Payment Solutions, and L.L.Bean.

EDUCATION

Bachelor of Science / Computer Science & Software Engineering
